

Principles of Partnership

A Statement of Commitment

The *Global Humanitarian Platform*, created in July 2006, brings together UN and non-UN humanitarian organizations on an equal footing.

- Striving to enhance the effectiveness of humanitarian action,
- Acknowledging diversity as an asset of the humanitarian community and recognizing the interdependence among humanitarian organizations,
- Committed to building and nurturing an effective partnership,

... the organizations participating in the **Global Humanitarian Platform** agree to base their partnership on the following principles:

- **Equality**

Equality requires mutual respect between members of the partnership irrespective of size and power. The participants must respect each other's mandates, obligations, independence, and brand identity and recognize each other's constraints and commitments. Mutual respect must not preclude organizations from engaging in constructive dissent.

- **Transparency**

Transparency is achieved through dialogue (on equal footing), with an emphasis on early consultations and early sharing of information. Communications and transparency, including financial transparency, increase the level of trust among organizations.

- **Result-oriented approach**

Effective humanitarian action must be reality-based and action-oriented. This requires result-oriented coordination based on effective capabilities and concrete operational capacities.

- **Responsibility**

Humanitarian organizations have an obligation to each other to accomplish their task responsibly, with integrity and in a relevant and appropriate way. They must make sure they commit to activities only when they have the means, competencies, skills, and capacity to deliver on their commitments. Decisive and robust prevention of abuses committed by humanitarians must also be a constant effort.

- **Complementarity**

The diversity of the humanitarian community is an asset if we build on our comparative advantage and complement each other's contributions. Local capacity is one of the main assets to enhance and build on. It must be made an integral part in emergency response. Language and cultural barriers must be overcome.
