To support **IASC system-wide changes**, ED Fore has asked members of the IASC to contribute dedicated resources on PSEA, for countries with humanitarian or refugee response to put in place the necessary reporting and response systems.

Leading by Example

ED Fore has allocated **\$11 million of internal resources** to the PSEA, as part of an organization commitment and to deliver on her leadership agenda. Funds are allocated to 16 Country Offices and 3 Regional Offices strengthen critical elements of PSEA.

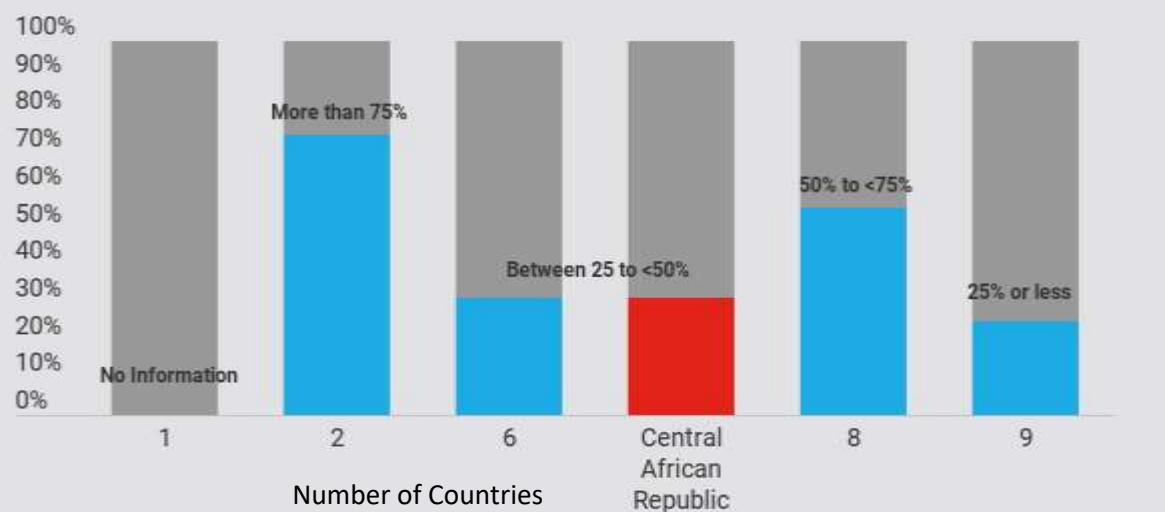

ERC Mark Lowcock has mobilized **\$1 million fund for investigations**, as part of the IASC's commitment to strengthen PSEA and commitment to integrate PSEA into **humanitarian pooled funds**.
