WORK STREAM 2 - LOCALISATION							
2.1. Increase and support multi-year investments in the institutional capacities of local and national responders, including preparedness, response and coordination.	Individual - all	Based on public call for NGO proposals, implementing partners should have a local partner, whereas majority of humanitarian funds need to be earmarked for local activities.	In 2020 we supported 4 NGO-implemented humanitarian projects and 1 hum.project through direct contract with ITF Enhancing Human Security. All 5 multi-year projects involved local actors, one was specifically devoted to enhancing local capacities, implemented by consortium of NGOs and supported by European Commission (Action des Volontaires Europeen et Nationaux Investis pour la Resilience, AVENIR.		As a member of Call to Action, as well as gender equality being our cross-cutting priority, all activities are made based on this prerequisite.	% of partnership or funding agreements that incorporate multi-year institutional capacity strengthening support for local and national responders, with optional reporting on the % awarded to women-led and or women rights' organizations[3]	All humanitarian project include local partners. 60 % (3 of 5) are focused on gender equality

WORK STREAM 5 - NEEDS ASSESSMENTS							
5.1. Provide a single, comprehensive, cross-sectoral, methodologically sound, and impartial overall assessment of needs for each crisis to inform strategic decisions on how to respond and fund, thereby reducing the number of assessments and appeals produced by individual organisations.	Joint - all					Which challenges have you identified and which actions have you been taking over the past year to strengthen humanitarian needs assessments and needs analysis in field locations and at headquarters? To which extent are these actions contributing to better joint (multi-stakeholders) inter-sectoral needs analysis in the field?	
	Joint - all					On a scale of 1 – 10, with 10 being the highest, please identify at what level of priority within your organization you consider the work to support coordinated needs assessments and analysis? WORK STREAM 7+8 - ENHANCED QUALITY FUNDING							
7.1.a. Signatories increase multi-year, collaborative and flexible planning and multi-year funding. Aid organisations ensure that the same terms of multi-year funding agreements are applied with their implementing partners[6].	Individual - all	Based on the Strategy on International development cooperation and humanitarian assistance, Slovenia supports at least bi-annual commitments.	some announcements and commitment to international organizations are bi- and multiyear; for example, contribution at the donor's conference for Venezuelan refugees and migrants: bilateral contribution for ICRC, multiyear announcement (2021-2023) at the conference for Yemen, multiyear			As a member of Call to Action, as well as gender equality being our cross-cutting priority, all activities are made based on this prerequisite. Aid organisations reduce earmarking when channelling donor funds with reduced earmarking to their partners.	Individual - Donors					% of humanitarian funds provided by donors or received by aid organizations that are unearmarked/softly earmarked	No data for 2021 yet, however, the majority of our contributions are softly earmarked.

WORK STREAM 9 - HARMONISED REPORTING							
9.1. Simplify and harmonise reporting requirements by the end of 2019 by reducing the volume of reporting, jointly deciding on common terminology, identifying core requirements and developing a common report structure.	Individual - all		all reporting requirements for all NGO partners and other implementers are harmonised.			Are you using the common reporting template as the standard for reporting by your downstream partners? if yes, on which level (global, limited scope (e.g. regional)) If your scope is limited, please specify how and why?[7]	All our partners have the same template to report their activities.
HUMANITARIAN-DEVELOPMENT NEXUS							
10.4. Perform joint multi-hazard risk and vulnerability analysis, and multi-year planning where feasible and relevant, with national, regional and local coordination in order to achieve a shared vision for outcomes. Such a shared vision for outcomes will be developed on the basis of shared risk analysis between humanitarian, development, stabilisation and peacebuilding communities.	Joint - all	Based on the Strategy on international development cooperation and humanitarian assistance, by 2022 Slovenia will earmark at least 50% of its humanitarian aid to crises, where development and other activities are in place as well. Multi-year planning is under way for some time already.	no final data yet for 2021			N/A[8]	N/A
